**Shulamit Nazarian, 616 North La Brea Avenue**  
**10 January–29 February 2020**

Israeli-born, New York-based artist Naama Tsabar presents a selection of new sculptures at Shulamit Nazarian that combine parts from instruments such as guitars, harps, banjos, and violins. Reaching into the shallow space behind the gallery wall, these sculptures—titled 'Inversions'—require the participants' physical presence to activate them, and are amplified through various wires, knobs, and connectors in the 'Transition' series, transforming the visual into the sonic.
